Welcome to the First Week of School !!

Greetings Chargers,

We loved seeing all of you during textbook distribution and we are so excited for Monday. At this point, you should have received communication from your teachers via email or phone. This correspondence was designed to introduce your teacher to you and to offer pertinent information for a successful "first day of school" in our virtual learning environment. Please reach out to your School Counselor or Administrator if you have not yet received Google Classroom information for each of the classes on your schedule.

Additionally, we wanted to make our Charger Families aware that we have been alerted to inappropriate social media sites that are operating under the guise of Suncoast High School, but have no official affiliation. We are working closely with School Police, Safe Schools, and the local police jurisdiction to investigate this situation. While there is no threat or direct concerns for the safety of our students and staff, we wanted to put all of our Chargers on **high alert** that the School District of Palm Beach has very strict policies regarding social media, bullying, and computer/technology misuse. Furthermore, students who violate any of these policies will be subject to disciplinary consequences. It is important to note that social media interactions off-campus that carry over to the school day and create a disturbance on campus, even in a virtual setting, is subject to disciplinary action. While this is a unique start to the school year, we know our Chargers are ready to tackle virtually anything! See you on campus soon and digitally Monday morning, August 31st at 7:30 am.

Athletic Updates: While we are in Phase One in Palm Beach County, athletics and extra-curricular activities are on hold and as more information becomes available from the District, it will be shared with our school community. CHARGER SHOUT-OUTS

We want to give a Charger Shout-Out to our textbook packaging team of administrators, teachers, and staff who barcoded, processed, bundled, and packaged textbooks or online access codes for 1600 Suncoast students, then greeted our parents and students with pleasant curbside service. *Now, that is dedication to education!!*

We would also like to thank all our faculty and staff involved with Freshman Orientation held on August 25th. Our newest Chargers were greeted with student testimonials via live virtual meetings and panelists representing all of our magnet programs. We also celebrated the life of Suncoast Chargers through videos. Welcome!!

IN THE COMMUNITY

Community Meal Program: September 1 - all schools will participate in the *School Breakfast Program* (SBP) and the *National School Lunch Program* (NSLP). **All Palm Beach County students** will be sent, via email, a welcome back letter that will contain their personal barcode. Parents will have to present this letter or have the full student number when picking up meals. Students' numbers or barcodes will be captured into a Point of Sale at the pick-up line. This is similar to the way students came through the school cafeteria line in the past; however, **all meals will be distributed curb side.**

Students do not need to attend school at the food distribution location to pick up meals. **Meals will only be given to students with an assigned Palm Beach County student number.** Lunch prices will be charged to students' accounts according to their benefit status; for this reason, online prepayments are recommended. If additional meals are picked up at other sites for the same student, a la cart charges will appear in the student's account.

Serving times will be **11:00 am - 1:00 pm and 3:00 pm - 5:00 pm, every Tuesday and Thursday.**
